You can prepare for registration by adding courses to your Enrollment Shopping Cart prior to your registration date.

1. Sign in to PAWS.

2. On the PAWS Home page, select the Student Center link. This will take you into the Student Center, where you can manage school-related activities, including updating your Shopping Cart.

4. To access your Shopping Cart, select the Enroll link (on the left side of your Schedule), or select the Enrollment Shopping Cart link (below your Schedule).

5. On the resulting page, select the term. Then, click Continue.
6. Now, you can add classes to your Shopping Cart. If you know the Class Number, enter it in the Enter Class Number Section, and click Enter.

Alternatively, you can use the Find Classes section to search for classes using the Class Search, My Requirements, or My Planner tools.

7. Once a class is found, review the course details.

8. If prompted, select a related class section (i.e., laboratory). Click Next to add the class and its related section to your Shopping Cart.

9. On the resulting page, you will see a notification confirming that the class has been added to your Shopping Cart.
